NEW **MEDIA LANDSCAPE**

The macro economic environment is increasing the costs of production while the need to create and deploy content is increasing.

We work with you as partner (or white label) that can provide whatever support is creative, production, or marketing needed, when its needed; without entering restrictive and expensive contracts or wasting important resources on the next, new, fail-proof marketing and technology solution.

AI INTEGRATION

Artificial intelligence (AI) is revolutionizing content production, audience development, and revenue generation. Semkhor fully embraces AI, from image and content creation to refining production pipelines.

Our infrastructure is designed for maximum efficiency, and integrating AI allows us to deliver high-quality production at a cost-effective rate. This capability will help your company navigate the turbulent economy and the rapidly evolving media landscape.

However, AI is just a tool. Its true value is unlocked through creativity, which Semkhor can provide on demand. Let us guide you and enhance your production processes to leverage AI effectively and help you achieve your goals.

CREATIVITY ON DEMAND

Our Studio was designed to work remotely and efficiently and can become a key resource that can be scaled up, or down, in immediate response to the requirements at hand.

CREATIVITY & PRODUCTION SUPPORT

THE FUTURE IS NOT
IN HOUSE OR OUTSOURCING

OUR **SERVICES**

TALENT NETWORK

We can provide your event, production, or marketing campaign with
ideal artists and injury expert.

ORIGINAL CONTENT

Whether you are making a YT series or a future film, Semkhor can help develop and produce your project, so it reaches its potential and remains cost effective .

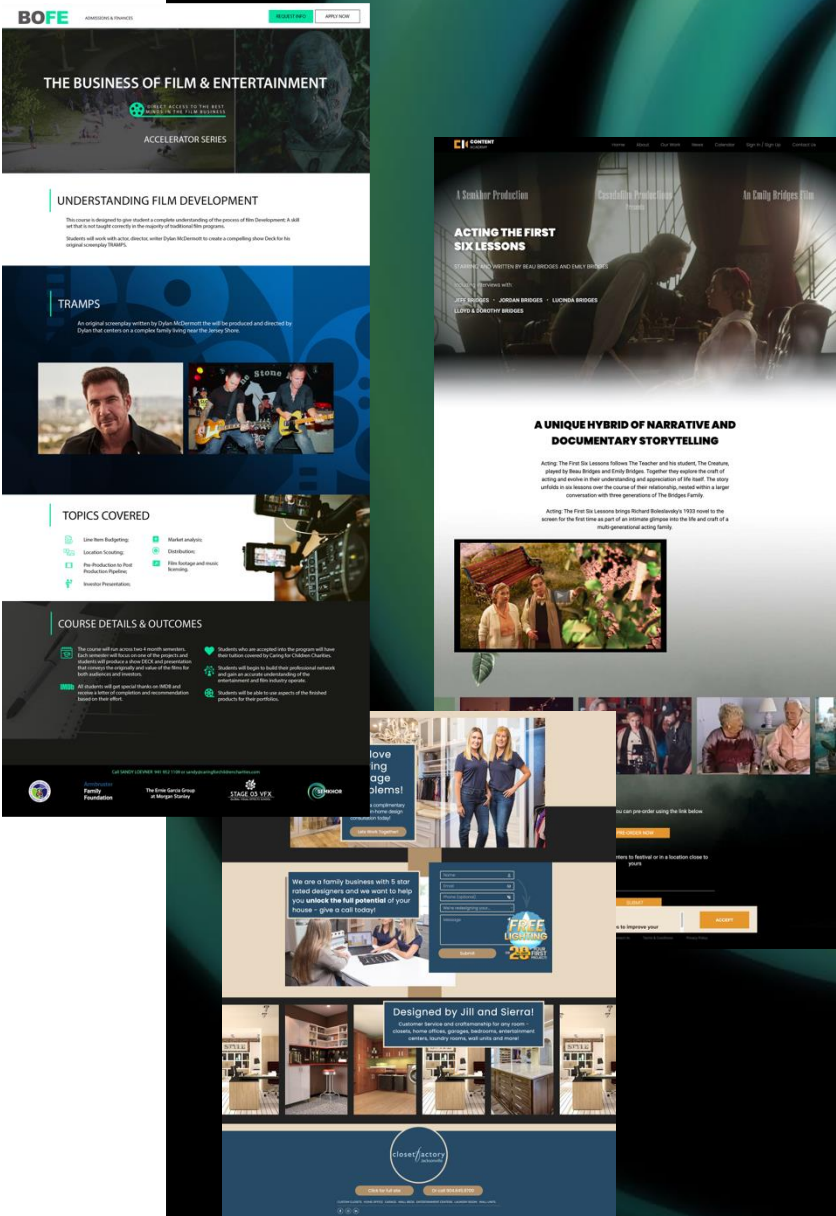

BLOCKCHAIN INTEGRATION

Blockchains offer one of the most exciting new mediums for producing and distributing content. Semkhor is an expert and seamlessly integrating this technology into productions to increase its value and stickiness.

ONLINE ENHANCEMENT OF CONTENT

Our background as a top-tier web development company allows us to develop associated web sites and content that will both enhance and extend a marketing campaign or original content. For projects exclusively online, we bring the 30 years of development experience as well as deep experience in traditional filmmaking so your online project will benefit from a balance of online and offline aesthetics.

PRODUCTION SERVICES & SUPPORT

We have produced everything from full length feature films to cutting edge blockchain graphic novels. We can fluidly establish water production resources from AI to VFX to Traditional Camera setups.

VISUAL EFFECTS SERVICES

Visual Effects is the new Filmmaking. We have both an industry relevant VFX educational program and a creative VFX studio capable of helping our clients and partners realize their vision whenever it is a cosmic landscape of a visualization of a new product.

EDUCATIONAL INITIATIVE

Over the last 15 years, Semkhor has developed an expertise in integrating academic outcomes with commercial productions. Its infrastructure allows it rapidly develop, deploy, and manage educational initiatives, in the digital arts, that provide aspiring creators with access to successful artists, industry experts, and companies and benefit from direct mentorship through work on real-world productions. We have provided programs for Ringling College, Hillsborough Community College, Amarillo College, West Coast Black Theater Troupe, and is currently working with Sarasota on a County Wide initiative to provide rapid training, and build a workforce, for Visual Effects, Film, and all forms of digital media. Semkhor is both a cutting-edge digital production studio, and a developer and provider of academic curriculum, which allows us to integrate training programs into our own productions.

AI INTEGRATION

Artificial intelligence (AI) is revolutionizing content production, audience development, and revenue generation. Semkhor fully embraces AI, from image and content creation to refining production pipelines.

Our infrastructure is designed for maximum efficiency, and integrating AI allows us to deliver high-quality production at a cost-effective rate. This capability will help your company navigate the turbulent economy and the rapidly evolving media landscape.

However, AI is just a tool. Its true value is unlocked through creativity, which Semkhor can provide on demand. Let us guide you and enhance your production processes to leverage AI effectively and help you achieve your goals.

CREATIVE & PROFESSIONAL WEBINAR SERVICES

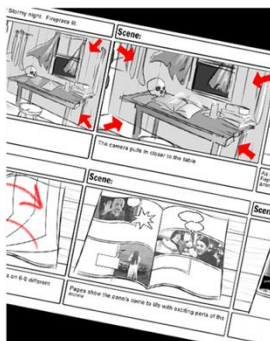

Webinars offer significant time and cost-saving benefits compared to in-person events and can add substantial value to marketing, business, and educational initiatives.

For Teachers, Schools & Coaches: Enhance the learning experience with live lectures, workshops, and interactive Q&A sessions. Webinars offer flexibility for students and teachers providing a framework for dynamic courses and allowing interaction that would not be possible in a traditional classroom structure.

DESIGN & VISUALIZATION

The key to a successful production, It is critical to carefully develop the idea thoroughly through storyboard, pre-productions, and visualizations.
